About the Wright State Alumni Association

The Wright State Alumni Association was founded in 1971. The purpose is to foster a fellowship of individuals who share a common institutional interest and to develop a sound collegiate heritage by coordinating activities and services which contribute to the academic, cultural and physical growth of Wright State University.

Since its inception, Wright State University has awarded degrees to more than 110,000 alumni who have benefited in many

ways from the Wright State Alumni Association. Since 1984, the Alumni Association Legacy Scholarship program has been providing tuition assistance to students pursuing their Wright State degrees. These scholarships are intended for the families of alumni association members and continue the growth of our institutional heritage. The Wright State Alumni Association was recognized with the prestigious Inventing Tomorrow Award in recognition of their 30 years

of continuous support and philanthropy to Wright State University.

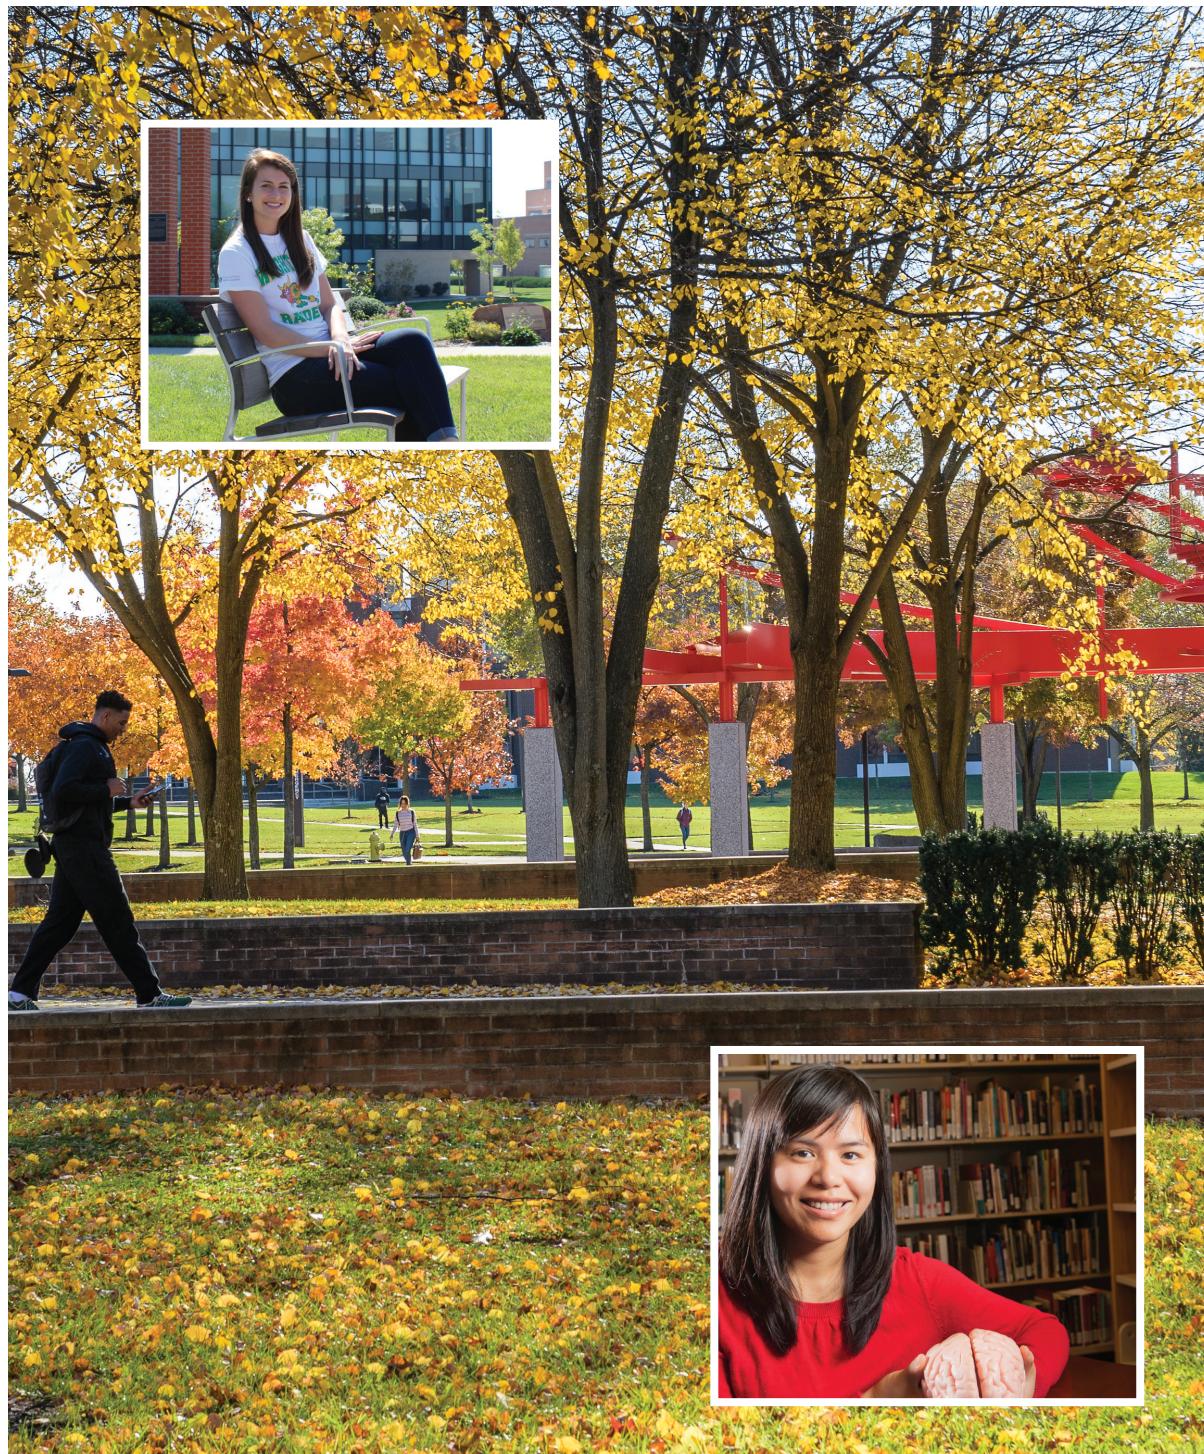

The alumni association is governed by a 25-volunteer Board of Directors, who give their time and talents, participate in a variety of alumni and foundation events and programs. This group also works with volunteers on planning social events and bringing alumni together.

VISION

To actively engage and support current and future alumni in a life-long relationship with Wright State University.

MISSION

The Wright State University Alumni Association engages alumni in supporting the University. We provide exceptional value and ongoing support to our alumni by offering a sense of belonging, community, connection, and pride.

Spread a good word for Wright State

It is with pride and pleasure that I serve as president of the Wright State Alumni Association. Over the past year, news coming out of the university has been, at times, troubling. However, the university is righting its ship, and is readying itself to be a leader in education and in our community. So we, the alumni, must also ready ourselves. To do this we must actively engage with the university, our fellow alumni, current students, and our community in order to show our strength of character and leadership.

As Wright State alumni, you have the skills and ability to lead. Your accomplishments as a graduate of this university place you in a special relationship with your community. At this time in our history, leaders are needed. We need our alumni to step up and let prospective students

know that the university remains strong, and of the great value of a Wright State education. We need our alumni to step forward as leaders in their communities to demonstrate what a Wright State education means. We need our alumni to talk about all of the positive things happening at Wright State—and there are many.

We stand at a critical moment in the life of the university, but a moment that offers tremendous opportunity for growth and success. To take advantage of this moment we each must evaluate what graduating from Wright State has meant personally and professionally. The value of our degree is tied to the strength and reputation of the university and it is our obligation, as alumni, to promote the positives and to help build the next generation of alumni.

The Wright State Alumni Association is here to help you learn more about the great things going on at Wright State and to support you in your efforts to be an alumni leader.

In support of OUR University—
GO RAIDERS!

Happy 51st Birthday WSU!

I thought we couldn't top Wright State's 50th in 2017, but wow, what a year we had in 2018! Some of the highlights include:

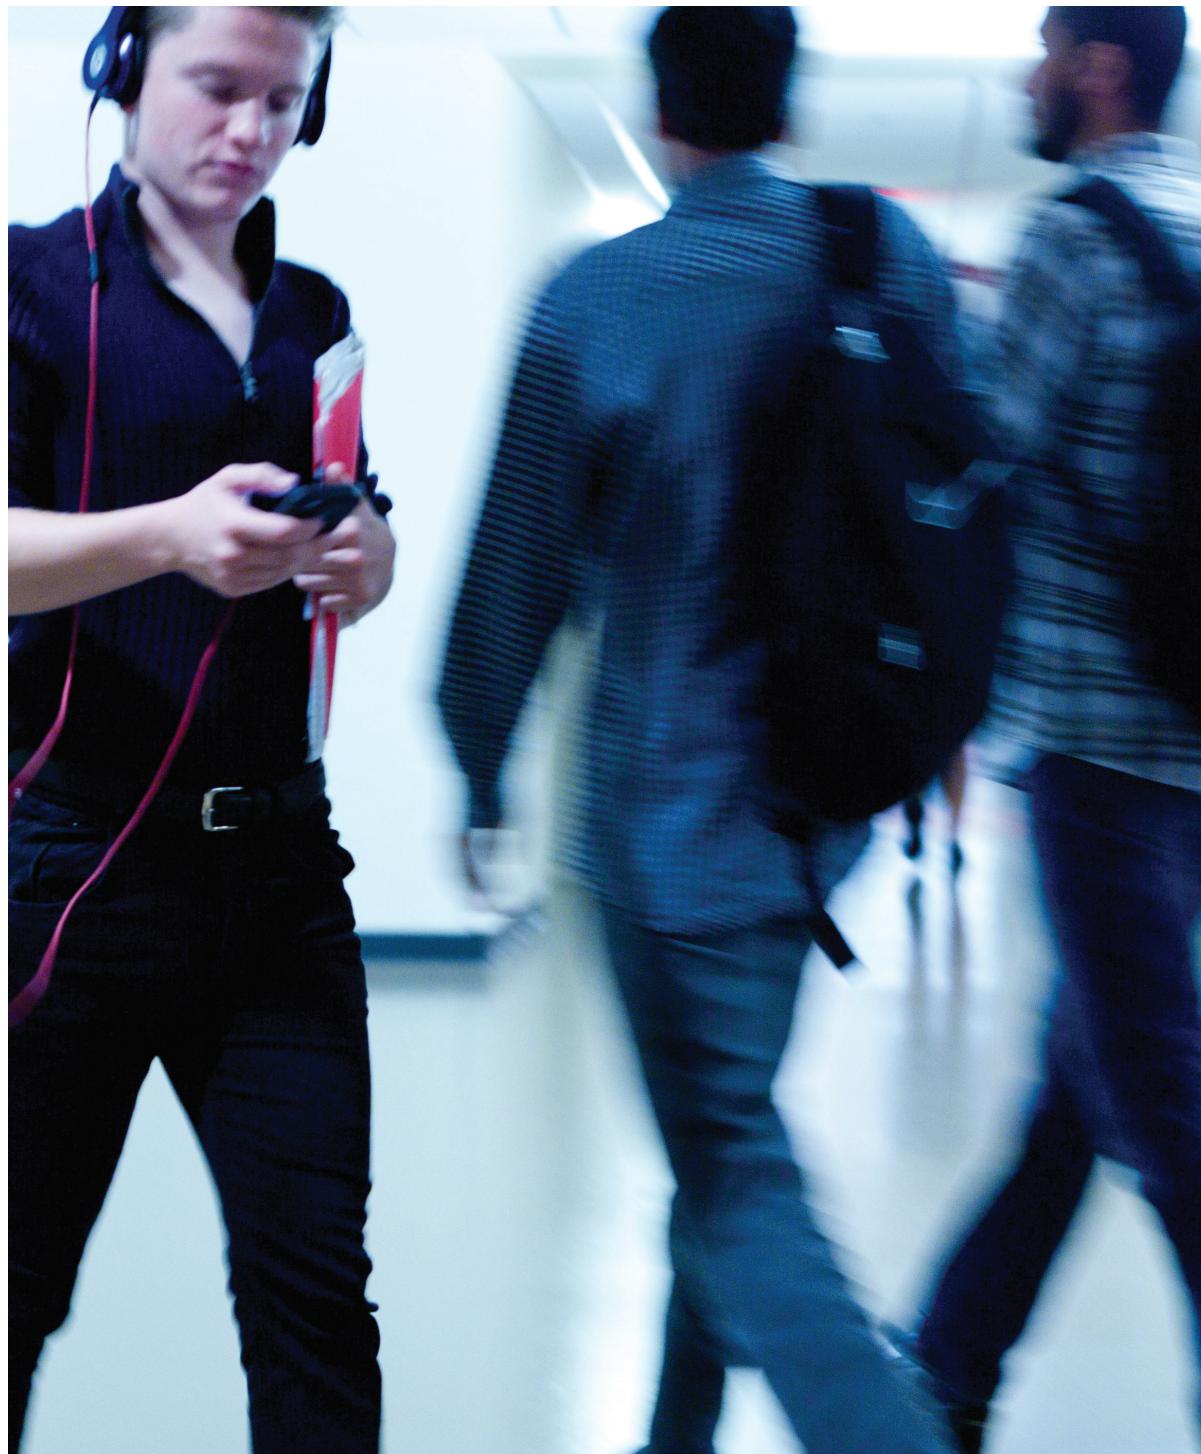

- Welcoming Nicole Scherzinger back to campus to present her with the 2017 Alumna of the Year Award
- Honoring Hannah Beachler '05, production designer for the acclaimed Marvel film Black Panther, at Homecoming with the 2018 Alumna of the Year Award
- Launching Flight magazine, a new publication for Wright State alumni and friends
- Welcoming a new Provost
- Watching our men's basketball team on national television in the NCAA tournament
- Learning that Wright State's impact on the regional economy now exceeds \$1.5 billion
- Engaging nearly 9,000 of our alumni and friends in person at one of our 130+ events
- Contributing nearly 500 community service hours in one day on our 2nd annual Alumni Service Day thanks to our dedicated alumni
- Watching our alumni support Wright State students in record numbers for our 2nd annual Wright Day to Give
- Charting an innovative course for the university with a new strategic plan

We had a lot to be proud of in 2018, but I would be remiss if I did not acknowledge the difficulties we faced as a university. After experiencing years of deficit spending, Wright State was facing a bleak financial picture in 2018.

Thankfully due to strong fiscal responsibility and accountability, the university ended fiscal year 2018 with a \$7.2 million surplus, the first surplus since 2013. The 2019 budget projects a \$3 million surplus. While the years ahead will be full of challenges, we appear to have turned a corner and are headed in the right direction. We have some exciting things planned in 2019, I hope you will join us!

[One Day. Every Raider. Everywhere.]

The second annual Wright Day to Give was a day to celebrate the University's Founders Day, October 1. This unique day for giving is an online philanthropic giving day for alumni, friends, parents, students, faculty and staff. Engaging with Wright State for a day that would bring together ALL Raiders.

We exceeded all expectations and surpassed records that were set during the 50th year last

year. With a total of 550 proud Raiders and friends supporting Wright State, raising nearly \$70,000. It was amazing to see the global community of Wright State come together to step up for our students.

The Wright State University Alumni Association Board of Directors came together to challenge all alumni on the Wright Day to Give. They pledged to match each gift to
